

Mop Head Frames

Autoclavable QuickConnect™ frames for mop head refills

Description

The autoclavable frames for Contec mop head refills all use Contec's QuickConnect handle adapter which enable use with any of a wide variety of handle options. All of the head frames listed may be sterilized by most common methods including gamma irradiation, ethylene oxide, or autoclave.

Features and Benefits

- Aluminum and stainless steel construction for durability and lightweight
- Used with all Edgeless®, VertiKlean®, VertiKlean® MAX, and EasyCurve™ and EasyReach™ mopping systems

Applicability

The information presented here is applicable to the part numbers shown below, as well as to any product containing the same materials and produced under the same conditions, regardless of product size or packaging configuration. Please contact a Contec sales representative for more details.

See part numbers listed under "Technical Data"
