

SATWipes® Hand & Tool Cleaner

Meeting the Challenge

Contec is pleased to introduce a new product designed to meet the highest standards for a hand and tool cleaner. Developed by Contec® and DuPont™, SATWipes® Hand & Tool Cleaner features a strong, thick nonwoven fabric wipe designed to entrap contaminants. Compared to other hand cleaning products, it easily and safely scrubs dirt and grunge off hands and tools. The unique formulation does not dry out and crack skin, nor does it contain any VOC's. SATWipes Hand and Tool Cleaner is user friendly!

SATWipes Hand & Tool Cleaner effectively dissolves grease, grime, oil, lubricants, paint, tar, inks and more. Surfaces are wiped clean by DuPont™ Sontara® fabric that remains strong, soft and absorbent. The specially designed orange lid is easy to identify and prevents cross-contamination issues with other solvent dispensers. The reusable canister is good for the environment and functions as an additional cleaning station right at the work area.

Product Features

- Strong wipes, made of DuPont Sontara fabric, are great for heavy duty scrubbing
- These wipes are thick, just like good shop towels
- No VOCs
- Unlike d-Limonene based cleaners, SATWipes Hand & Tool Cleaner does not dry out and crack skin
- Can be reconstituted by adding water
- Bright orange lid makes canister easy to identify
- Convenient; Portable
- Quality by Contec and DuPont

SATWipes Hand & Tool Cleaner is the perfect solution for cleaning in your shop or work area. The strong, sturdy wipes easily and safely clean dirt, grease and grime off hands and tools. Great for heavy duty scrubbing.

You're In Clean Hands

With SATWipes Hand & Tool Cleaner, you can complete the big cleaning jobs, finish with clean fingernails and cuticles — without exposure to harsh chemicals. Wipes stay moist for a long time after being pulled from the canister. If the liquid cleaner should ever dry out, it can easily be reconstituted by adding water.
