

# SATWipes® Hand Scrubber Towels

SATWipes Hand Scrubber Towels are a superior value hand cleaner/towel combination. Each dispensing canister contains 90, perforated, pop-up towels saturated with a special, heavy-duty hand cleaning solution.

The powerful solution does not contain any solvents which dry out your skin. Yet, it very effectively dissolves grease, grime, oil, lubricants, paints, tar, inks and more. Soils are lifted from your hands and captured in the heavy-duty towel. The solution is virtually VOC\* free making it very environmentally friendly.

SATWipes Hand Scrubber Towels feature a dual-textured towel with purple scrubber on one side for deeper, faster cleaning. Made from polypropylene material, the towels stay moist for hours allowing for multiple uses.

SATWipes Hand Scrubber Towels are convenient and economical to use. The compact canister saves space when compared to most competitive products. Each canister has a handy, resealable dispensing top. The hand cleaner/towel combination eliminates the need for paper towels, shop rags or water. This means you can clean up right on the job site or anywhere, saving valuable time!

## Applications

One wipe will clean your whole work area. For super fast and versatile clean-ups, first use the wipe to clean your hands, then clean your tools, equipment and work area. Use on virtually all hard surfaces.

\* VOC's (Volatile Organic Compounds) are regulated by state and federal government entities.
