

CleanTube™ Automotive Wiper

Maximize surface cleanliness

The CleanTube™ automotive wiper from Contec® brings the cleanliness of Class 10 cleanroom laundering to the automotive industry. Constructed of 100% polyester knit and available in a variety of lengths, CleanTube™ wipers are ideal for many automotive and surface preparation applications.

Originally designed for removing excess sealant, the low-linting CleanTube™ wipers are excellent for cleaning paint automation equipment.

Product Description

- 100% polyester knit tubular wiper
- Unique tubular construction
- Heat cauterized edges naturally roll outward, reducing the potential for particles from cut fibers
- Laundered and packaged in a Class 10 cleanroom
- Durable; can be laundered and reused
- High stretch allows for cleaning in tight spaces
- Economical
- Excellent on coarse or rough sanded surfaces

A Range of Options

Contec's CleanTube™ wipers are available in a variety of sizes and textures, and are economically bulk packaged. Additional packaging options are available. For more information about CleanTubes, contact your local Contec sales representative, send an e-mail to thunderbolt@contecinc.com, or visit us at www.contecinc.com.

CleanTube™ wipers feature heat cauterized rolled edges that reduce the potential for contamination from raw fibers.

The tubular construction of CleanTube™ automotive wipers allows technicians to "load" their arms with several wipers at a time, reducing downtime.

CleanTube™ wipers are ideal for removing excess sealant during assembly.
