

QuickPick™ Packaging

US Patent No. 6,978,889

As the leading innovator of cost-effective products for the cleaning of critical environments, Contec is constantly looking to deliver value-added solutions to our customer's problems. The new patented **QuickPick™ Packaging** from Contec addresses two expensive problems in one convenient package: Wipe waste and proper wiping technique.

Sealed-edge wipes are traditionally packaged in either a flat-stacked or a bulk configuration. Both of these packages make it difficult for a gloved operator to remove one wipe from a bag at a time, meaning more wipes are often picked up than are needed for the task. In addition, wipes come out of the package in an inconsistent fashion, and operators must either take time to properly fold them or use them in an improper method.

Contec's QuickPick Packaging uses a convenient, blue dispenser bag as the inner-most package for our Polynit Heatseal wipes. The wipes are half-folded with the folded edge easily accessible through the dispensing hole in the top of the bag. Convenient and easy to use, QuickPick Packaging addresses both wipe waste and proper wiping technique, as well as helps reduce risks of cross-contamination from gloves and dispenser boxes.

QuickPick™ Packaging from Contec® makes quarter-folding wipes easy, promoting proper wiping technique.

FEATURE	BENEFIT
<p>Disposable translucent blue inner dispenser bag</p>	<ul style="list-style-type: none"> • Eliminates the need for inconvenient dispensers • Eliminates cross-contamination from re-used dispensers. • Bags are easily identifiable and portable • Blue color reminds operator not to dispose of inner package and makes dispensing hole easy to find
<p>Half-folded wipes, easy to select one at a time</p>	<ul style="list-style-type: none"> • Reduces wipe waste, allowing only one wipe to be used as needed • Saves operator time
<p>Wipe easily quarter-folds upon dispensing</p>	<ul style="list-style-type: none"> • Promotes proper protocol for critical wiping operations • Eliminates operator time in folding wipe • Reduces cross-contamination issues from gloves in folding process

Part #	Description	Packaging
PNHS-99QP	Polynit Heatseal wipes, 9 x 9 (23 x 23cm), QuickPick Packaging	50 wipes/inner bag, 2 inner bags/outer bag, 8 bags/case, 800 wipes/case
