

# HexaWipe™ Cleanroom Wipes

## The History of HexaWipe Wipes

Improvements in laser cutting technology challenged Contec engineers to seek the ideal shape for cleanroom wipes. In looking for a product with optimal edge-to-fabric ratio, improved performance, and maximized manufacturing efficiency, Contec invented the HexaWipe wipe.

This patent-pending design is only available through Contec and approved Contec sales representatives.

HexaWipe wipes are available in a variety of Contec fabrics; technical data will vary according to fabric. Please call Contec for specific technical data.

## The Benefits of HexaWipe Wipes

- The unique hexagonal shape of the HexaWipe wipe enables operators to easily distinguish Class 10 wipes from other wipes used in less critical areas in the same facility.
- The minimized wipe edge of the HexaWipe wipe reduces the potential for contamination.
- The HexaWipe wipe is a better fit for the hand than the traditional square wipe. With the unique six-sided design, there is more usable area per wipe.
- If protocol mandates the folding of wipes, the HexaWipe wipe can be folded using one hand when folded corner to corner.

## A Range of Options

Contec's HexaWipe wipes are manufactured from a variety of fabrics— Polynit Heatseal, Polywipe-C, Quiltec® and many others. Traditionally cut in 9" and 12" hexagons, custom sizes are available. HexaWipe wipes are available stacked or in bulk packaging. Contact your regional Contec sales representative to discuss additional put-up and packaging options.

| Part #   | Description                               | Wipers/Bag | IB/OB | Bags/Case |
|----------|---|------------|-------|-----------|
| LWCS0003 | Polywipe-C Heatseal, 9" (22.9cm), stacked | 150        | •     | 12        |
| LWPS0001 | Polynit Heatseal, 9" (22.9cm), stacked    | 150        | •     | 8         |
| LWQT0003 | Quiltec, 9" (22.9cm), stacked             | 100        | •     | 10        |
| LWQT0005 | Quiltec, 12" (30.5cm), stacked            | 100        | •     | 5         |
| LWQT0008 | Quiltec, 12" (30.5cm), stacked, sterile   | 25         | 4     | 5         |
| LWSZ0003 | StatZorb®, 9" (22.9cm), stacked, ESD      | 150        | •     | 12        |

All put-ups are for stacked HexaWipe™ wipes. Bulk packaging is also available.
