

CONSTIX™ Swab, SP-1

Sealed knitted polyester swab

Description

The SP-1 is a sealed polyester swab consisting of 100% knit polyester fabric thermally bonded to a polypropylene handle. The SP-1 contains no adhesives or binders. The swab head is made from cleanroom wipe polyester fabric. The polypropylene handle provides excellent resistance to most common solvents, acids, and bases. The sealed polyester head provides the lowest contamination risk of any other type of swab. Durable, absorbent, and features extremely low particulate and residue levels.

Technical Data

Swab head material	100% knitted polyester
Swab handle material	100% virgin polypropylene
Construction	Ultrasonically sealed

Notes:

- 1) Data shown are typical values and should not be used as product specifications.
- 2) Valid product comparisons may only be obtained through side-by-side testing in the same test facility, under similar conditions.
- 3) Current and/or comparison data may be available. Please contact a Contec sales representative for details.
