

Flat Mop Wringer, Stainless Steel

One piece wringer for All Contec Flat Mops, fits 25L and 15L buckets

Description

The Flat Mop wringer is used to wring solutions from any flat style mop up to 18 inches (46cm) in length. The perforated plate and angled bottom allow quick and thorough drainage of solution from the mop making it easy to clean and maintain. They fit Contec's autoclavable 25 liter plastic buckets, which are offered in three colors (red, blue, or gray). The Flat Mop Wringer is made from 100% Type 304 stainless steel and fully autoclavable and resistant to most common chemicals and disinfectants. Lightweight, durable, and compact making it easy to store. Ideal for double bucket protocols.
