

EasyCurve™ Wringer, Stainless Steel

One piece wringer for Contec EasyCurve Mops, fits 25L and 15L Buckets

Description

The EasyCurve wringer is used to wring solutions from the Contec EasyCurve mop. The perforated plate flow through holes and angled bottom allow quick and thorough drainage of solution from the mop. It fits Contec autoclavable 25 and 15 liter plastic buckets, which are offered in three colors (red, blue, or gray). The EasyCurve wringer is made from 100% Type 304 stainless steel and is fully autoclavable and resistant to most common chemicals and disinfectants. Easy to clean, lightweight, durable, compact and easy to store. Ideal for double and triple bucket protocols.
