

EcoShield™ by Contec Professional

Sustainable Solutions for a Cleaner Tomorrow

What is EcoShield™?

Contec Professional is proud to introduce EcoShield—our symbol of sustainability. The EcoShield designation is awarded to select cleaning products that meet stringent environmental criteria, ensuring you can maintain pristine spaces without compromising the planet.

EcoShield products meet one or more of the following criteria:

- **Made with Recycled Materials:** Contains post-consumer or post-industrial materials, reducing landfill waste.
- **Recyclable or Biodegradable:** Helping to reduce landfill waste and support a more sustainable lifecycle.
- **Efficient by Design, Proven by Data:** Delivers superior performance with fewer resources, backed by data-driven research to confirm its sustainability impact.

Our commitment goes beyond compliance—we integrate sustainable practices into every stage of our manufacturing process, from sourcing to shipment, all backed by our Corporate Social Responsibility initiatives.

EcoShield Product Highlights

Premira® “The Original” Disposable Microfiber Mop Pad

Life cycle assessment confirms Premira uses fewer resources than launderables—proving sustainable performance through science.

BioTuff Cotton Towels

BioTuff Towels biodegrade within 100 days in the landfill—offering high-performance cleaning with little long-term environmental impact.
