

# TrapMore™ Disposable Dusting Sheets

## Disposable pads for maximum cleaning

TrapMore™ Disposable Dusting Sheets are for anyone who wants to quickly collect, trap, and remove dirt, dust, and other small debris from surfaces. It provides a long-lasting, more hygienic, and convenient method for dusting a variety of surfaces. It can be used with nearly any dusting tool, such as a mop or high duster. It works well with the ZeroGravity™ suite of cleaning hardware. TrapMore Disposable Dusting Sheets offer better dust pick up in convenient perforated sheets for customizable lengths.

PRMM9002

Features	
Ideal for dusting hard surface floors, baseboards, moldings, ceiling fans, light fixtures, air return vents, bookshelves, cabinets, and more.	
Excellent at trapping dust, soil, hair, sand, glitter, fur, etc.	
Simple, quick, minimal training required	
Designed so both sides can be effectively used	
Unique construction designed specifically to collect, trap, and remove debris that competitive products leave behind	

### REACH HIGHER WITH CONTEC HIGH DUSTERS

Cleaning overhead areas just got easier. Contec offers two High Dusters for your dusting needs. Our standard High Duster has a flat design to clean ceilings, fan blades, and other overhead areas more easily. Our High Duster XF features a finned design to help clean vents, moldings, and other unique surfaces. TrapMore can be wrapped around our dusters to maximize overhead cleaning while minimizing strain.
