

TuffStuff™ Medium Duty Wipes

Cellulose/polyester critical task wipes

TuffStuff™ medium duty nonwoven wipes are made from hydroentangled cellulose/polyester fabric for durability and cleanliness. They contain no binders or adhesives and are considered low lint. They offer excellent absorption, have good strength when wet or dry and can stand up to many cleaning tasks. TuffStuff wipes are creped for softness and sorbency.

Ideal for tough cleaning and maintenance tasks, TuffStuff medium duty critical task wipes are excellent for cleaning up soil, oils, grime, solvents and lubricants as well as applying solvents and thinners.
