

# QuickTask Microfibre / Foam Mop Head

## Ribbed polyester microfibre face with foam core

The QuickTask mopping range consists of a variety of flat mop heads that can be easily attached to a choice of flat mop head frames and handle assemblies.

The TASK0600 is a flat, pad-style mop head designed for outstanding cleaning performance and exceptional durability. The unique microfibre and foam core construction ensures excellent floor contact and high sorbency. The mop can be used for application of a wide range of solutions, and to mop-to-dry already wet surfaces.

The texture of the ribbed microfibre mop face also provides excellent cleaning ability especially for tough residues.

The mop heads are compatible with a wide range of chemicals and disinfectants.

The heads are compatible with the QuickTask Magnetic Mop Head Frames 2906 and 2699, and the QuickTask Polypropylene Mop Frame 2740.

Features	Benefits
Microfibre face / foam core construction	<ul style="list-style-type: none"> <li>• Ensures excellent surface contact</li> <li>• High sorbency and good mop-to-dry performance</li> <li>• Compatible with most common solutions, solvents and disinfectants</li> </ul>
Ribbed microfibre face	<ul style="list-style-type: none"> <li>• Provides exceptional cleaning ability for tough residues</li> <li>• Durable and economical</li> </ul>
Open corners on pockets	<ul style="list-style-type: none"> <li>• Allows liquid to easily drain to avoid over saturation</li> </ul>
Suitable for hands free mop removal *	<ul style="list-style-type: none"> <li>• Easy and convenient to use</li> <li>• Reduces cross contamination</li> </ul>

\* with appropriate hardware

Part No.	Description	Size	Packaging

Product Information	
Mop material	<ul style="list-style-type: none"> <li>Ribbed polyester microfibre over a foam core</li> <li>Polyester mesh backing, polyester hemmed edge</li> </ul>
Mop construction	<ul style="list-style-type: none"> <li>Multilayer sewn lamination/sealed border</li> </ul>
Chemical compatibility	<ul style="list-style-type: none"> <li>Compatible with a wide range of chemicals and disinfectant</li> </ul>
Environment	<ul style="list-style-type: none"> <li>ISO 5-8 Grade C/D</li> </ul>

**Notes**

- a) The data shown are typical values and should not be used as product specifications.
- b) Valid product comparisons may only be obtained through side-by-side testing in the same test facility, under similar conditions.
- c) Current and/or comparison data may be available. Please contact a Contec sales representative for details.

**Test Methods**

CTM Contec Test Method  
 IEST-RP-CC004.3 Evaluating Wiping Materials Used in Cleanroom and Other Controlled Environments, Institute of Environmental Sciences and Technology, Rolling Meadows IL

Technical Data		
Attribute (units)	Typical Value	Test Method
Mop weight, dry; (g)	46	CTM004-03
Sorbent capacity; (mL/mop)	438	CTM004-03
Particles $\geq 0.5\mu\text{m}$ ; ( $\times 10^6/\text{mop}$ )	8.5	CTM006-01
Fibres $\geq 100\mu\text{m}$ ; ( $\times 10^3/\text{mop}$ )	0.134	CTM006-01
Compatible mop frames	QuickTask Mop Frames 2906, 2699P, 2740	

**Packaging Information**

Packaging Materials	Outer bags	Low density polyethylene (LDPE)	
	Case	Corrugated fibreboard (PAP)	
Packaging Configuration	EA/OB1	OB1/CS	EA/CS
	TASK0600	1	40

EA = Mop, OB = Outer Bag 1/2/3, CS = Case
