

# Essential HD Spill Toolkit

## Hazardous drug spill management for up to 1,000 mL

The Contec® Healthcare Essential HD Spill Toolkit was created to facilitate best practices for both employee safety and convenience. The contents of the kit focus on providing essential products, process and documentation that promote spill management in compliance with USP<800> and The National Institute for Occupational Safety and Health (NIOSH) standards.

Along with Contec's tested and proven sufficient CritiGear Chemo Gown, each kit contains activated charcoal spill pads capable of absorbing 200 mL of liquid each. Activated charcoal has been tested to adsorb and bind to hazardous drugs creating a safe system for disposal.\*

### Each Kit Contains:

- (5) Activated charcoal spill pads, 12" x 12" (30.5 x 30.5 cm)
- (1) Pair chemical splash goggles
- (1) Chemo Bio-Wipe bag for macro waste
- (1) CritiGear™ Chemo Gown (L/XL)
- (1) Yellow bag with tie for trace waste, 14 gal. (53 L)
- (2) Pairs of plastic, seamless shoe covers (XL)
- (2) Pairs of Heavy 9 mil utility gloves (2 sizes: Sm and Lg)
- (1) Spill management guidance card (English/ French)
- (1) Disposable scoop and tray
- (1) HD spill caution sign
- (1) N95 disposable respirator
- (1) Rigid container for glass disposal

\*Activated charcoal testing was conducted by a third party facility.

Contec Healthcare Essential HD Spill Toolkit aids in the fast response/remediation of HD Spills. Always follow facility and local protocols when responding to spills.

Features	Benefits
Activated charcoal spill pads	<ul style="list-style-type: none"> <li>Chemically deactivates spill, adsorbs, and renders liquid drug unrecoverable to enhance the safety of workers</li> </ul>
Integrated Chemo Bio-Wipe bag	<ul style="list-style-type: none"> <li>Safely contains macro spill components for discard in RCRA* container</li> </ul>
Plastic scoop and rigid container	<ul style="list-style-type: none"> <li>Conveniently promotes powder spill cleanup and containment</li> </ul>
Essential Materials	<ul style="list-style-type: none"> <li>Limited to generic, essential items for a smaller size and soft packaging. Eliminates waste and promotes storage in automated dispensing cabinets</li> </ul>
“Guide to HD Spill Management and Documentation” vetted by industry experts	<ul style="list-style-type: none"> <li>Provides economy of scale access for smaller organizations that may not have onsite expert resources</li> </ul>
Integrated QR Code	<ul style="list-style-type: none"> <li>Instant access to “Guide to HD Spill Management and Documentation “</li> </ul>
