

Contec® Citric Acid Disinfectant

Low odor botanical that’s ideal for restoration jobs

Contec® Citric Acid Disinfectant is a ready-to-use botanical EPA-registered disinfectant strong enough to kill TB and non-enveloped viruses. It is ideal for infection control in laboratories, schools, offices and homes.

Contec Citric Acid Disinfectant is effective against a broad range of disease causing organisms with fast kill times. It sanitizes in 1 minute and disinfects in as little as 1 minute*. Contec Citric Acid Disinfectant is tuberculocidal, meeting OSHA’s Bloodborne Pathogen Standards.

Contec Citric Acid Disinfectant has a better toxicity rating than most traditional disinfectant products and has a much lower odor profile than other botanical disinfectants.

“More suitable for use where chemical sensitivity is a concern.”

“Botanical, EPA-registered hospital grade disinfectant strong enough to kill TB and non-enveloped viruses.”

* Please see full product label for list of organisms and contact times.
