

Premira® II Microfiber Floor Pads

Disposable pads for maximum cleaning and uniform chemical application

100% synthetic Premira® II Microfiber Floor Pads provide superior dirt and debris removal compared to reusable textiles like cotton or laundered microfiber. Premira® II pads decrease cross-contamination risks with a new pad for each use. No risk of quat binding. Compatible with commercially available mop hardware. For improved function and ergonomic ease, use with Contec's hardware.

US Patent Nos. 8,809,213; D67,513; 9,693,668; and 10,010,233.

MOP FRAME AND HANDLE OPTIONS

Hardware to maximize cleaning ability

Contec Professional offers two mop hardware options for the Premira II Microfiber Floor Pad. The ZeroGravity Mop features a lightweight, one-piece backer that makes cleaning more efficient than traditional mop frames. Its innovative design allows for uniform application of cleaning chemicals when in use yet keeps the Premira Floor Pad untouched when resting. The ZeroGravity mopping system will help improve cleaning performance when used with the Premira II Microfiber Floor Pad.

| Features | |
|--|--|
| Decreases cross-contamination risk with a new pad each use | |
| Broad chemical compatibility, improved disinfectant efficacy | |
| Consistently better cleaning vs. launderables | |
| Optimize staff efficiency | |
| Simplified logistics, lean storage footprint | |

| Part No. | Description | Size | Packaging |
|-----------|--|----------------------------|--|
