

Disposable String Mop

Absorbs large volume spills quickly and easily

This disposable grossing mop from Contec® Professional is designed to help clean procedure rooms in healthcare facilities, cafeterias, and other areas where large volumes of liquid can occur on floors. It is ideal for cleaning up big spills and messes. The single-use design helps eliminate the redistribution of dirty mop water from room to room which helps to reduce cross-contamination. Use single-use Premira® II Microfiber Pads afterwards to help deep clean and maintain floors.

ZeroGravity™ QuickChange Touchless Claw Mop Connector

Get a grip on cleaning

The ZeroGravity QuickChange touchless claw connector from Contec Professional securely grips the Disposable String Mop with a single-motion locking mechanism. Simply pull back on the gray handle to close the claw on the mop and press the release clip to drop the mop for disposal. For best results, utilize the QuickChange system to follow use of the Disposable String Mop with single-use Premira II Microfiber Pads to remove residues and get the benefits of mechanical removal.

Features

Made from 98% post-industrial recycled materials

Helps reduce cross-contamination – just dispose the dirty mop after use

Ideal for ORs, high irrigation cases, Labor & Delivery, and other high volume spill areas

Brick-packed for optimized storage

Follow up with single-use Premira® II Microfiber Pads for deep cleaning and maintenance
