

TuffStuff™

Critical Task Wipes for Various Environments

TuffStuff™ Wipes are high quality critical task wipes. Available in Light, Medium and Heavy Duty, these wipes are solvent resistant and maintain their strength even when wet. TuffStuff wipes offer exceptional durability and cleanliness making them ideal for critical cleaning in biotech and pharmaceutical industries as well as equipment and production line maintenance.

TuffStuff Wipes are available in multiple sizes, weights, and packaging configurations to meet the various customer needs.

The expanded range includes TuffSat™, consisting of heavy-duty dry wipes, quarter folded in a tub that can be saturated with cleaning solution. This versatile option allows wipes to be customized with the correct cleaning solution for that particular environment.

TuffSat™

In addition to the dry TuffStuff™ range, TuffSat™ provides large heavy-duty textured wipes that are quarterfolded and in a tub ready to be presaturated with a cleaning solution. This is ideal for customers looking to eliminate spray bottles. The tub keeps the wipes saturated for extended periods of time and can be reused.

Not recommended for highly evaporative solvents.

Application:

- Cleaning of surfaces with detergents or cleaning solutions
- Tough cleaning tasks that benefit from a textured wipe or require a scrubbing wipe to enhance cleanability.

Construction:

- Textured fabric
- Thick and highly sorbent
- Large quarter folded wipes
- No binders or surfactants that can contaminate surfaces
