

SuperBuff™

Laundered polyester microfiber wipes with sealed edges

SuperBuff™ is a very soft, silky microfiber wipe with non-abrasive thermally sealed edges. Cleanroom laundered, SuperBuff's sealed edge provides a barrier to fiber and particle generation. It has high sorbent capacity, and is stronger and cleaner than nonwoven wipes. It is excellent for moist sand pick up. SuperBuff can be relaundered, making it an economical choice for industrial surface preparation applications.
